Mobile printing capabilities in your retail store directly impact customer service quality and associate productivity. Time spent by your field workers writing receipts could be time spent making more customer visits. The Zebra ZQ300 Plus Series printers let your associates do it all. With receipt printing, associates can ring up sales anywhere in the store. With on-the-spot printing of labels, store associates can complete markups, markdowns and shelf label audits faster and more accurately. And the ZQ300 Plus Series features two models to address your specific application needs. Choose the dark grey color scheme with scuff resistant exterior adding extra protection for demanding environments and outdoor use or the more contemporary silver and black color scheme—perfect for design conscious retail customers.
